

This Damen rescue craft has always been very well maintained and is fully operational. Ready to take on any rescue operations.

Type	Rigid inflatable search and rescue vessel
Built	5-1990, Damen Shipyards, the Netherlands
Dimensions	14.80 x 5.60 x 1.20 mtrs
Draft	0.80 mtr aft
Tonnage	20 GT / 4 NT
Hull material	Aluminium 5018
Hull features	Henshaw air tube fendering (2017) Fully self-righting design Divided in 5 waterproof compartments
Propulsion	2x Hamilton 364 waterjets (2017 update stator and nozzle to new type)
Main engines	2x MAN, type D2848 LXE (overhauled 2017)
Output	1360 hp total at 2300 rpm
Alternator	2x 2.2 kW, 24 V
Speed	± 32 knots
Bollard pull	4 tons
Tank capacities	Fuel oil 1600 ltrs
Accommodation	Suspension seats for 4 Bench for 2x 3 persons Room for 2 stretchers Cabin heater Heated windows
Nav./comm. equipment	2x Radar, 2x E chart display, 2x GPS, AIS, 2x echosounder, compass. Shortwave radio, 2x VHF, VHF direction finder, ship wide CLARK intercom, loud hailer/intercom, 2x CCTV system.
SAR equipment	2x 100W LED searchlight 2x handheld search light 2x 140W fixed lighting bar MOB retrieval platform 50 pers. lifejackets 1500 l/min salvage / fifi pump towing bollard 140m 32mm towing line on drum
Spare parts	1x spare engine MAN D2848 2x spare jet impeller 1x jet stator general engine and jet spares
Class	ABS
Remark	She has a day tank fuel system with double filters. Alarm system. Engine block heaters.

RIGID INFLATABLE SEARCH AND RESCUE VESSEL
