

This high end FRP RHIB is designed for professional use, able to sail 50 knots maximum.

Type	DAMEN RHIB 1050 - OUTBOARD
Built	2016, only 100 running hours
Material	FRP (Fibre Reinforced Plastic / Corecell)
Tube/collar	Hypalon-Air Ø 650 mm, 1670 D tex, D-shape/O-shape. Slides in aluminium extrusion, 7 chambers.
Length o.a.	10.50 mtrs
Beam o.a.	3.35 mtrs
Beam deflated	2.75 mtrs
Draft	± 0.55 – 0.85 mtr
Main engines	2x Mercury Verado, type outboard 400R
Output	800 hp total
Speed	± 55 knots max. (with 3 persons and ½ tanks) 40 knots cruising
Range	± 150 nm (at economic speed)
Tank capacities	Fuel oil 2x 350 ltrs
Accommodation	For 2 crew and 8 passengers.
Nav./comm. equipment	magnetic compass, VHF, chart plotter, GPS, transducer, radar
Class	Lloyds Register (hull only)
Remark	3x Lifting points integrated with bollards 1x Integrated towing eye 1x Folding mast (road transport) 2x removable aluminium fuel tanks / tank hatch
